

Dear FCC: DO NOT CALL means DO NOT CALL. The voice of New Jerseyans has been clearly spoken on this issue, at high volume. What part of DO NOT CALL do you not understand? Stop wasting our time and money on something that has already been decided by the citizens of NJ. Shame on you for letting a bunch of telemarketers bully us. Wake up FCC - this is a no-brainer - and shame on you too for forgetting this is my telephone and not theirs.
